12. (SBU) U/S Mutruff responded that UN country resolutions should be objective and not subject to retaliatory measures. He stated that they should be debated openly and voted upon, with the UN's response to human rights issues "upgraded." Mutruff also said that he would pass the demarche on to the Department for International Organizations for further review.

13. (U) Post will follow-up with the MFA to determine if specific positions have developed on the individual country resolutions.
